READY TO BE NURSES.

TEN BERKELEYANS HAVE OFFERED THEIR SERVICES.

A State Red Cross League Organized, To Include Local Societies.

The committee on nursing of the Berkeley Red Cross Society met with Dr. Jaffa Thursday. The subject of providing proper training for those who wish to offer themselves as nurses was discussed, and it was decided to begin a course of lectures within a very short time, also to make a canvass of Berkeley to ascertain the number of trained nurses who can be secured to pledge themselves to get into the work if ceded. There have been ten pledges sent in already, and it is hoped that there may be about twenty.

A STATE SOCIETY.

Delegates from the various Red Cross societies of California met Thursday afternoon in the parlors of the Occidental Hotel, San Francisco, to organize a State Red Cross Society. The societies of San Francisco, Oakland, Berkeley, Alameda, Los Angeles, Vallejo, Martinez, San Rafael and Sausalito were each represented by two delegates. Mrs. W. B. Harrington, president of the San Francisco society, was chosen chairman, and Dr. G. F. Hanson secretary.

Professor Thomas R. Bacon instucted the delegates as to the method of gaining the requisite governmental recognition. Professor Bacon and Rabbi Voorsanger emphasized the need of co-ordination between all the societies of the State.

The following motion by Professor Bacon was carried: "That we temporarily organize ourselves into a State Red Cross league, with a provisional council to carry on the State work and to determine how to effect a permanent organization under the rules of the national league."

On motion of Rabbi Voorsanger the council is to consist of nine persons.

Mrs. W. B. Harrington was made the president of the council, whereupon she named the following eight delegates as her colleagues: Mrs. Frank Angelotti, San Rafael; E. B. Ginn, Oakland; Miss E. B. Hook, Martinez; Mrs. S. A. O'Neil, Alameda; Charles A. Noble, Berkeley; Mrs. W. R. Smedberg, San Francisco; Mrs. J. M. Griffiths, Los Angeles; Mrs. Wakefield Baker, Sausalito.

The following telegrams from Chief Surgeon C. R. Greenleaf, on General Miles' staff, to the Berkeley society were read by Professor Bacon:

WASHINGTON, D. C., May 18.—Agitate purchase and equipment of hospital ship, 300 beds, donation from California. Sternberg will accept. C. R. GREENLEAF.

WASHINGTON, D. C., May 19.—Geneva convention neutralizes ship. Capture impossible. Equipment not necessary. C. R. GREENLEAF.

It was voted as the sense of the meeting that the hospital ship be purchased as an offering to the Government by the Red Cross Society of California.

MRS. HEARST'S GENEROSITY.

Mrs. Phebe Hearst has sent a check for $200 to Mrs. Greenleaf, president of the Berkeley Branch of the Red Cross Society, to be used by this society in its work. Accompanying the check was a very charming note, expressing Mrs. Hearst's sympathy with the movement, and her wish that the money might prove of benefit to sick or wounded soldiers.

JUNIOR RED CROSS.

The Junior Red Cross Society of the Bancroft way primary school sent a box of choice reading matter to the volunteer camp at the Presidio Thursday for the use of the army boy on their way to Manila. This donation of the children will help to while away many a weary hour for the wearer of Uncle Sam's blue, and many a blessing will be bestowed on the kind-hearted children of the Bancroft way school. Miss Bergen's, Miss Bertein's, Miss Woodall's and Mrs. Elliott's classes all made donations.

FUNERAL OF JUDGE CAMPBELL.

Arrangements for the funeral of the late Judge Campbell have been completed. It will take place on Sunday afternoon at 1 o'clock, when services will be conducted in King Solomon's Hall, Masonic Temple. Grand Master Carroll Cook of South San Francisco Lodge No.212, F. & A. M., will officiate. After the service the body will be taken to Cypress Lawn Cemetery for interment.

At a special meeting Wednesday night of the Society of Old Friends, of which the late Judge was president, resolutions were passed deploring his death as a public calamity, and deciding to attend the funeral in a body.

A Men's Society.

A meeting to perfect the organization of the Men's Society of the First Presbyterian church will be held on Saturday evening, May 21st, at 8 p. m., in the old church. All the men of the church, both young and old, are invited to attend.

Aebi Divorce Trial.

The divorce suit of Katherine Aebi against Frederick Aebi was partially heard Thursday. The parties were married January 8, 1897, in Oakland, but did not live very happily long, as she testified to abusive language and acts beginning in the summer and continuing until she left in November. The couple reside in Berkeley.

Philosopical Union Officers.

The Philosophical Union of the University of California has elected its officers for next year as follows: Professor George M. Howison, president; Dr. E. B. McGilvary, secretary; James Sutton, treasurer; Dr. George Stratton, counselor. The union plans to invite a noted scholar to lecture before it at its next annual meeting.

May Be President.

The visit of Professor Edmund J. James of Chicago University to Berkeley, and his selection as commencement speaker has led some to believe that he is being considered as a possible president of the University of California when President Kellogg retires. According to the gossip a strong party in the Board of Regents is in favor of a man from outside of the State when Kellogg retires, as a local man would be subject to personal prejudices in assuming the office, and with this in view is informing itself regarding available candidates for the position. James is head of the department of political economy at Chicago, but is still a young man.

BROKE HIS ARM BY THROWING.

STRANGE ACCIDENT TO A BERKELEY BOY.

His Arm Broke By the Force With Which He Threw a Ball.

Lawson Shirk of 1633 Louisa street broke his arm Thursday by throwing a ball. The arm did not strike against anything but was simply broken by the force the lad used in trying to throw the ball. The accident is regarded as a very remarkable one though not entirely unprecedented. Several cases are on record of baseball pitchers having broken their arms by throwing balls, but the Shirk boy is only 12 years of age and at a time of life when the bones are less liable to fracture.

The accident occurred yesterday at about half-past two. The Shirk family were engaged in packing up their household effects preparatory to leaving for Winnemucca, Nevada. The little boy engaged in a game of baseball with some companions on the sidewalk.

Suddenly his playmates saw him catch his arm after throwing a ball and he cried with pain. He was taken into the house and Dr. J. T. Farrar was summoned. The doctor found that the boy's arm was broken at the elbow.

"As far as I can learn," said Mr. Shirk, the father of the injured boy, "my son simply broke his arm by swinging it with a ball in his hand. The accident is a painful and serious one but owing to the boy's youth it will heal rapidly. The break is at the elbow where I suppose his arm was violently jerked when the ball left his hand."

TO INVESTIGATE THE WATER QUESTION.

A petition is being circulated for signatures asking the trustees to appoint a commission to investigate the water situation. The petition is as follows:

"To the Board of Trustees, Town of Berkeley:

"The undersigned, citizens of Berkeley, in order to place before the public exact information as to securing a water supply, and the proper and adequate piping of the town, request your honorable body to appoint a commission of not to exceed three members, competent to investigate and report upon all the details connected with the object in view, in order that the matter of issuing bonds for a more perfect water service may be intelligently passed upon by the voters of the town."

LUNCHEON TO MRS. S. C. PARTRIDGE.

One of the pleasant social functions of the past week was a luncheon on Saturday given by Mrs. J. A. McLure at her home, 3022 Fulton street, to her sister, Mrs. Sam C. Partridge. The afternoon was spent in conversation and efforts to guess the titles of books and poems from a collection of suggestive old traps. Mrs. McLure's guests were Mrs. Partridge, Miss Lumbard, Miss Hamlin, Miss Barrows, Miss Smith, Miss Atterbury, Miss Coddington and Miss Cotrell.

DIPTHERIA CAUSES ALARM.

ANOTHER FATAL CASE IN THE PERALTA SCHOOL.

Two More Children Are Ill and Diphtheria Is Feared in Their Cases.

Another fatal case of diphtheria has developed in the Peralta school district, and there is a good deal of alarm among residents whose children are attending the school. Two more children are ill and it is suspected that they are suffering with the dread complaint.

Louis Cassello, son of Peter Cassello and aged five years, is the second victim of the disease. He lived close by the school and his death, following close upon that of the Petri lad, has caused a large number of parents to take their children away from the school, which has not been closed yet as reported.

Nicholas Cassello, brother of the boy who has just died, is also ill, and it is feared he caught the malady from his brother. Another little girl in the neighborhood is on the sick list, and though her trouble is said to be merely a sore throat a good deal of alarm is felt in her case.

WHOOPING COUGH EPIDEMIC.

There seems to be an epidemic of whooping cough on Blake street. The children of Mrs. Matignon, Mr. Reed and Mr. Barom are all suffering with the complaint.

RAISING MONEY FOR THE TUNNEL.

Should many attend the races today, it will practically mean that the tunnel through the hills into Contra Costa county will be built, for it is believed that not less than $20,000 will be raised at the gate.

It will cost about $30,000 and of this sum a few thousand in now in hand. The Supervisors of both Alameda and Contra Costa counties have promised to help as soon as the projectors can show what can be done. It is proposed to make this showing next Saturday.

The benefits to accrue from Tunnel Day are manny. The amount of money raised will be of two-fold benefit, for it will circulate $30,000 among the workingmen of this vicinity and it will also build a tunnel that will be of great benefit to two counties.

The merchants are doing their part well. Never has such an event been so well advertised or better managed. Not a single opportunity has been lost to call public attention to the scheme, and there is no doubt that the affair will be one to be long remembered because the result it will accomplish will be everlasting.

THE BLIND AND DEAF PICNIC.

The classes of Miss Alice Parker and Mr. Charles Wilkinson from the California Institution for the Education of the Deaf and Dumb and the Blind picnicked at Peralta Park yesterday. The class of Miss Mary Eastman had an outing in the hills back of the institution. They all reported a jolly time.

MARRIED SIX MONTHS AGO.

JOHN PAUL STEEDMAN AND MISS HASKELL.

The Wedding Was Kept Secret From Friends and Relatives Till Now.

The fact has leaked out that for the last six months Miss Ella D. Haskell, a freshman student in the college of Social Science, has been the wife of John Paul Steedman, a real estate and insurance agent of Berkeley. Until a month ago Mrs. Steedman attended recitations and college. Not until several weeks after she left her boarding place near the campus and moved to her husband's home did the secret leak out.

John Steedman, the husband, is well known and popular in the college town, and is twenty-six years of age. Mrs. Steedman is a petite blonde of engaging manners, twenty two years of age, and is a sister of of Robert K. Haskell, who played quarter-back on the University football team last year, and who has just graduated from the College of Civil Engineering.

The marriage ceremony was performed in San Francisco by Justice of the Peace Barry on November 16, 1897. Mrs. Steedman will not continue her studies at the university.

Not Typhoid Fever.

A DEGRADED SYSTEM.

The following address by Professor Brunson at the graduating exercises of California College will be of interest to teachers throughout the state:

Cheap teachers are doing sham work. They get such teachers for almost nothing and then they do not earn their wages.

Our whole public school system is being vitiated and degraded by this mad rush of unprepared teachers into the teaching work. School directors all over the country are unwise enough to take advantage of it and to put salaries down to a miserly pittance and then getting in return the sham work for which they pay. In the second place, teachers are taking the very course that will cause salaries to remain miserly and inadequate. As already indicated, they are committing financial suicide. They are dooming themselves to inferior positions for life.

Mr. Superintendent, if in some other way the young men and women cannot be prevented from entering the schoolroom as teachers so unprepared, then I suggest that there be an organized "teachers' union," and that every teacher that is too contemptibly lazy or too constitutionally tired to secure an adequate preparation for the work be boycotted.

Careful preparation in early life, resting upon a substratum of moral truth, together with a continual preparation all through life, instinct with love of country and the whole ennobled by nobility of character, must be among the the essentials of real success, whatever the calling, wherever the life.

ANTI-FUSION.

Here is another blow to fusion in this state. The Populists of Tulare county have held their convention and adopted the following resolution:

We are unalterably opposed to fusion with any other political party, and hereby pledge our delegates to the People's party state convention to be held at Sacramento July 12, to refuse to affiliate with such a convention should it decide to fuse or co-operate with any other political party by any agreement looking to or intended for division of the offices between the Populists and any other political party.

SPLENDID GENEROSITY.

In a State that is rich in examples of philanthropic use of large fortunes there have never been any more noble acts of generosity than the series that have made Mrs. Phebe Hearst dear to Berkeleyans. Her liberality to the University seems to be without limit, and of late she has shown a n equal generosity toward other enterprises for the public good.

BERKELEY'S LEAD.

Berkeley seems to have taken the lead in Red Cross work. It was the first town in the State to organize a High School society, and its organization of High School students is now at the head of a long list whose efforts are at the disposal of the State Red Cross Society. The comfort bag idea was first broached (during the present war) in Berkeley, and it seems to have spread all over the State.

WORTH INVESTIGATING.

The petition of citizens who want a careful investigation of the plans for securing a water supply and service, is one that should be promptly granted. We have had a lot of discussion but so far the talk has been wholly without results, and the town has not taken any steps towards a solution of the water problem. Trustee Le Conte recently prepared a statement of plans that will be very useful to the commission it is now proposed to appoint. Let us have a board of experts to carefully inquire into all the questions involved in the remedying of our water troubles.

NATURALLY.

The Oakland Tribune says:

The unfortunate individual who has been sent to the asylum for wandering around the streets and imagining that he was in heaven is to a certain extent excusable. He came here from Los Angeles.

The poor fellow probably thought he was at home. That's why the Oaklanders considered him crazy.—Los Angeles Express.

ADVERTISING DID IT.

Grocery papers all over the countary are marveling at and attempting to account for the success of Sir T. J. Lipton, the British retail grocer, tea importer, preserver, packer and manufacturer, who, during a business career of twenty years, amassed a fortune aproximating $50,000,000. A variety of reasons are given for this merchant's truly wonderful success, and they are all intelligent and worthy of every grocer, canner, packer and manufacturer in the United States. However, while Sir Thomas Lipton without doubt possesses in abundance qualities which bring success, it is conceded by everyone knowing the man and his methods that in the persistency with which he advertised and the originality of his advertising methods lie the simple secret of it all. Lipton advertised intelligently, liberally, persistently, which can never fail to bring success, and which will produce the same results in America it did in England. Here the field is broader, the opportunities greater, the chances greater. Who will be the American Lipton? The man who imitates him.—Chicago Grocer.

TEACHERS MAY LOSE POSITIONS.

The report of Superintendent of Schools McClymonds of Oakland on the increased cost of running the High School during the past two years, has caused somewhat of a commotion among the teachers of that institution, as it is felt that it will be necessary for the High School Board to cut down the teaching force in order to reduce the expenses of the school.

It is the superintendent's idea that at present the classes of the High School are for the most part too small. He is now at work on a report, which he will present at the next meeting of the Board of Education, in which he will outline a method whereby the cost of running the school can be decreased. He proposes that there shall be five recitation periods during the day instead of four. This will enable each teacher to teach five classes during the day instead of four, while the pupils will have at least as much if not more time to study during the day.

If this plan of the superintendent's is followed out, the Board will be able to get along with several less teachers than at present. This means that some of the present force will have to go, but just who or how many is not known or at least is not made public at present.

"Berkeley."

The collection of views of the town and University just issued from the Worth office under the direction of J. I. Scotchler, is one that should be in the possession of every resident and property owner.

There is no better method of conveying a clear impression of the physical features of a place than this one of a carefully selected arrangement of photographic reproductions. Visitors have daily inquired for some publication that could show what Berkeley is. This work supplies just this demand, besides giving an artistic and valuable souvenir for local preservation.

The selection of subjects is general, displaying in a striking manner the growth of the community. The view from the hills looking west in 1873 is contrasted with a similar view in 1898, and the change is remarkable. Transformation scenes around Berkeley station in 1888 and 1898 are likewise presented.

This album is offered at so low a price as to be within the reach of every one. The book contains forty pages of pictures, most of them full page, and these are accompanied by just enough descriptive matter to present clearly and concisely the material development of the community.

To accommodate those who may desire to send away to friends or correspondents several copies, an abridged edition can be delivered at a proportionately lower rate.

The price of the book at this office is 50 cents, which is far below the rate of similar publications in other cities. Do not delay.

Your orders can be left at office of Berkeley GAZETTE, 2145 Center street, where copies can be procured.

ORGANIZATION OF REPUBLICANS.

Several additional names were placed on the roll of the Young Men's Republican Club of the Seventh ward of Oakland Thursday night, the membership not exceeding 200.

The club held its meeting last night in Justice Lawrence's court room, President E. S. Reed presiding. The principal business of the meeting was to receive and adopt a constitution and by-laws reported by a committee consisting of W. B. Pringle, C. G. Dodge and J. P. Cook.

According to the constitution adopted, the objects of the club are declared to be "to maintain and foster Republican principles, support and advocate the cause of the Republican party, and to secure a unity of purpose in the ranks of the Republicans of Alameda county."

The by-law provide that all young men (Republicans), citizens of the United States, residents of the Seventh ward, of the age of 21 and not over 45 years, or who will become 21 years of age before the next general election, are eligible to membership and shall become members upon signing the constitution and by-laws.

The regular meeting nights shall be the second and fourth Wednesdays of each month, and fifteen members shall constitute a quorum for the transaction of business.

Secretary W. H. Martin gave notice that on Wednesday evening, May 25th, the regular Seventh ward Republican Club will hold a patriotic rally at Washington hall, when Chaplain Wallace, U. S. N., will speak; Dr. Derrick will illustrate the Cuban war and our navy with fifty stereopticon views, Harry Melvin and a quartet will sing, and several other interesting features are programmed. Admission is general to the public and ladies are specially invited.

President Reed announced that he would appoint the executive and campaign committees at the next meeting of the club.

HEALTH CATECHISM.

To Be Committed to Memory by All Dyspeptics, Invalids, Consumptives.

What is the first cause of nine-tenths of all disease?

Imperfect digestion of food.

Why does imperfect digestion cause disease of other organs?

Because blood, muscles, bone and flesh are derived from the food we eat and digest. If digestion is perfect the blood is pure, nerves and muscles strong, flesh firm. If the digestion is poor, the blood is supplied from half-digested, fermenting food, irritating every nerve and organ. The result is, sooner or later, organic disease, because every organ being poorly nourished the weakest gives way first and we have liver trouble, kidney complaints, heart disease or consumption.

Is not dieting the usual and best treatment to cure indigestion?

No, because the dyspeptic has been starved long enough; what is needed is abundant nourishment, not the lack of it. The stomach and blood demand nutriment, not bran crackers.

What is the best method of cure?

Plenty of wholesome food well digested.

But how can a weak stomach digest plenty of wholesome food.

By taking with the food after each meal certain harmless remedies which are known to digest food and thus nourish the blood and rest the weak stomach.

What are these harmless remedies?

The most valuable are vegetable ermenents pure pepsin, Golden Seal and fruit salts. All of these are now combined in the form of pleasant tasting tablets sold by druggists under the name of Stuart's Dyspepsia Tablets.

Are these tablets superior to the various liquid preparations so called dyspepsia cures?

Most decidedly, because all liquid medicines become stale with age and lose whatever good qualities they may have had originally, while the tablet retains its properties indefinitely. Stuart's Dyspepsia Tablets can be carried in the pocket, always at hand ready for use when traveling or at daily occupation. They cost but 50 cents, and should be kept in every family. They keep the digestion perfect and save doctor's bills by warding off disease.

Are Stuart's Dyspepsia Tablets adapted to all forms of dyspepsia?

Yes, because in all cases the trouble results from indigested, fermenting food. Stuart's Dyspepsia Tablets cause the food to be digested before it has time to ferment.

If you wish to know more about them ask your druggist for a package and try them.
